

Product and Service Plan

The Midnight berry's menu will contain many acai bowls served with the best frozen fruits You Imagine. From bananas, strawberries, mangos, blueberries, etc. In addition to the acai bowls frappachinos will also be available during spring and summer. We offer fruit based fraps for our customers to be refreshed and energized. Our job is to ensure our customers are given the most Vibrant acai bowl they have ever eaten, likewise with our fraps, hot coffee and home made bread during the colder seasons. Furthermore, by the help of our customers, we plan to open up our very own small shop to continue to expand our company and ensure everyone get's to try an acai bowl once in their life.

Mission statement

Simple, fresh, and made to fit your day.

Vision Statement

Our vision is to become every person's #1 spot to go to during every season, ensuring they are always satisfied with our products.
